Dear Mr. Smith:

Thank you for serving as keynote speaker during the 2004 Dallas Independent School District Superintendent's Leadership Conference on July 28, 2004, at Moisés Molina High School.

We appreciated your motivational presentation and the challenge to live with passion, purpose, and power. We especially enjoyed your metaphor advising ways to "get the junk out of the trunk."

Your participant-centered address and the powerful ideas you provided will assist us in accomplishing our mission to prepare all students to graduate with the knowledge and skills to become productive and responsible citizens.

Again, your message was appreciated and we wish you continued success in the future.

Sincerely,

Jacqueline Landry  
Associate Superintendent  
Professional Development & Staff Training
